## 400,000 Miners Off Work

Backing up "No Contract, No Work" Policy; No Picketing; Coal is Rationed

PITTSBURGH, April 1—(AP)—A work stoppage by the nation's soft coal miners, backing up the traditional "no contract, no work" policy of the AFL-United Mine Workers, began today for 400,000 workers whose collective bargaining contract expired at midnight.

Calm settled over the coal fields. President John L. Lewis of the union, said there would be no picketing. Rationing of coal was started on government orders to insure supplies for urgent uses. The stoppage in production, if prolonged threatened to disrupt the country's reconversion program. Already, one major steel company announced it would have to bank 20 blast furnaces.

The beginning of the work stoppage found members of the union ready for a holiday anyway—their annual celebration of April 1 in honor of John Mitchell, one of the union's earliest presidents and to commemorate the 48th anniversary of the eight hour day. Actually, the effects of the strike therefore will not be felt until tomorrow.

**Lewis' Demand**  
President Lewis' principal demand from the coal industry is the establishment of a health and welfare fund for miners, to be created from an assessment on each ton of coal produced and to be administered by the union. The operators balked. The National Coal Association said such a "royalty payment" levied for the benefit of the union, would make Lewis "a dictator more powerful than any America has ever known."

Lewis refused to discuss other major issues of wages and hours until the welfare fund question is settled.

Hope was held out that the stoppage would be brief. Operators and union representatives remained in Washington to continue negotiations. Secretary Schwelmbach, who on Saturday gave up hope of averting the walkout, named Paul Fuller of Akron, O., as a special mediator to represent him at the conferences. Fuller also is special conciliator in the rubber industry, in which he achieved agreement without a strike, Schwelmbach said.

**Provide for Utilities**  
Reports from coal areas said arrangements had been complete previously for union maintenance men to keep the pits in condition and Schwelmbach asserted he had assurance from Lewis that utilities dependent on coal would be provided for.

Estimates of coal stocks on hand in the steel and some other industries ranged from piles that would last from two to eight weeks if current operations were continued. However, the magazine Steel said some mills have only a week's supply on hand.

Automobile spokesmen said a stoppage in coal would not be felt immediately, but a shutdown in steel would affect auto production "within a relatively few days." Likewise, a representative of the New York Central estimated most railroads have a month's supply of coal, but that if production was still cut off then operations would be "seriously hampered."

## Typhoon Sweeps Marianas Islands

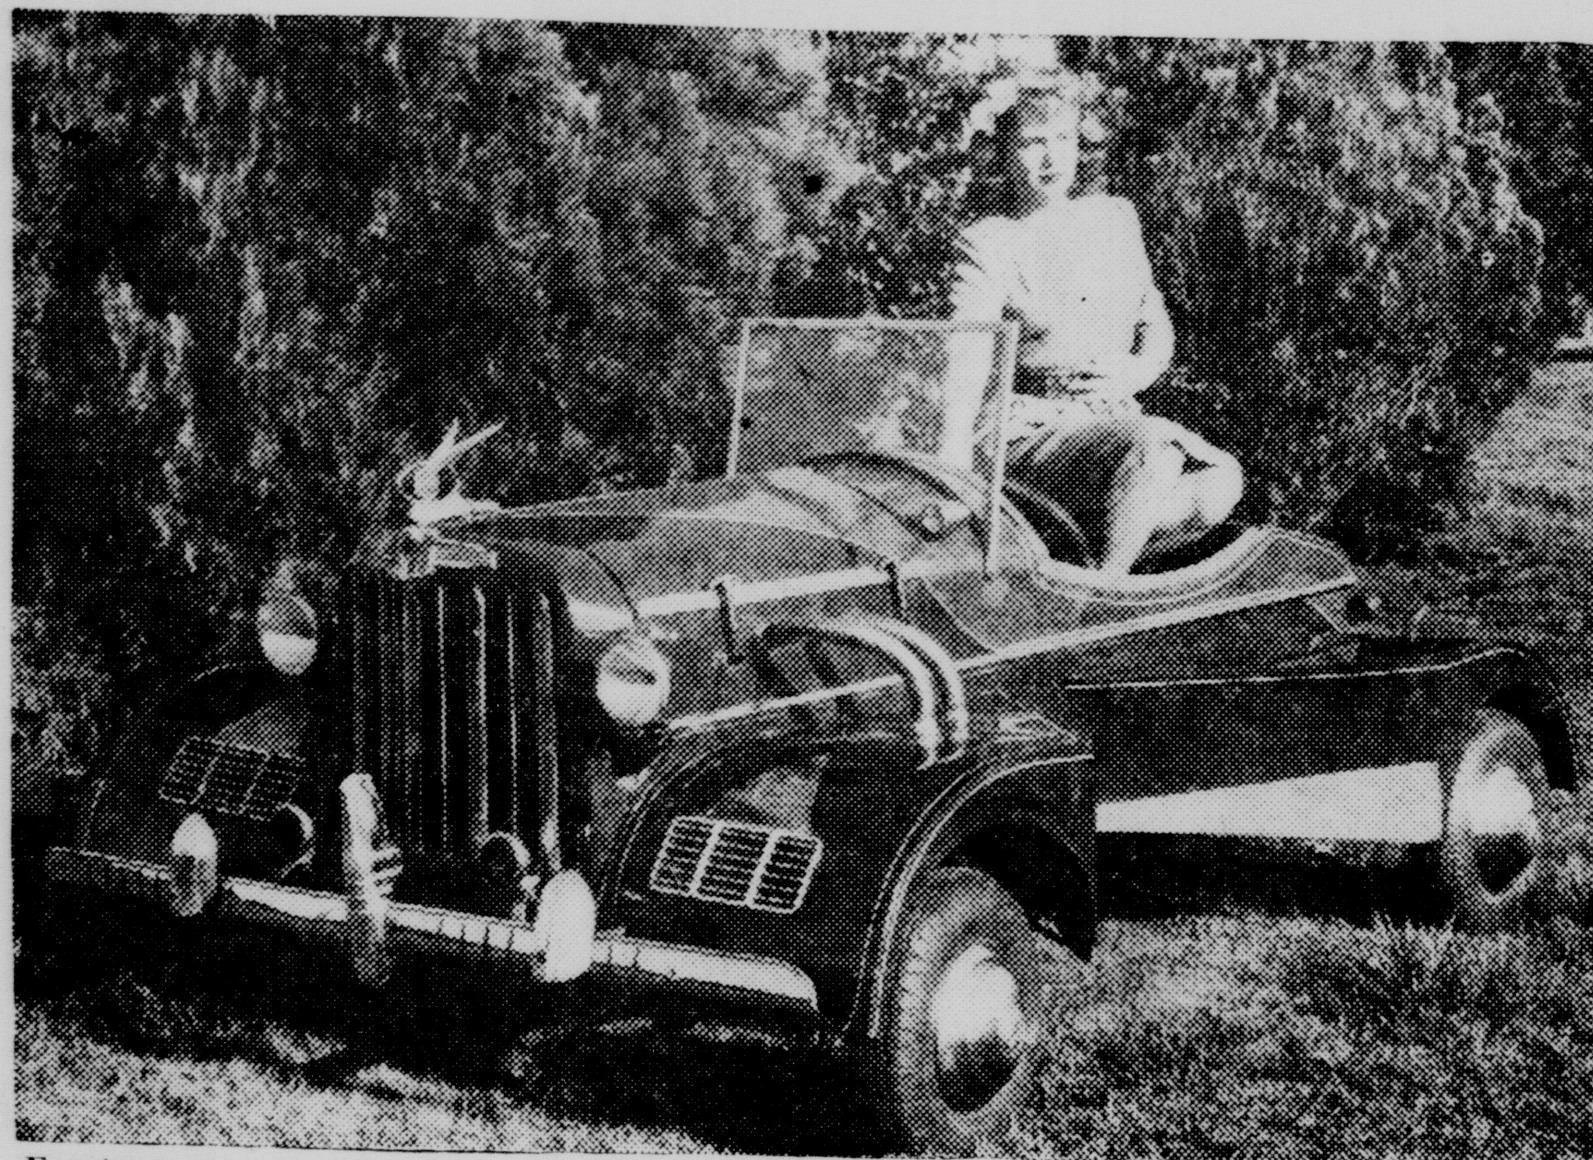

PEARL HARBOR, April 1—(AP)—Widespread but minor damage was reported by the navy today after the first typhoon of the season swept the Marianas islands and headed for the Philippines.

No deaths were reported. An auxiliary ship missing with 17 men aboard was located 250 miles east of Guam with all hands safe. On Guam, patients evacuated to caves in the hills were returned to hospitals without incident. A 65-knot wind tore up sections of the roadway, but the APRA harbor breakwater held. Several smaller craft were sunk and a floating drydock was blown from its moorings, but no major vessel was lost.

## Regular Council Meeting Scheduled for Tonight

The regular meeting of the City Council will be called at 7:30 o'clock tonight in the city hall. It has been customary in past years to open the meeting on the night before an election, then recess until later in the week, after such business as is necessary has been transacted.

## Want a New Car? Build Your Own

Fourteen-year-old Helen Kent of Wichita Falls, Texas is justly proud of this snappy car which her father, Emory Kent, built for her. Emory, a mechanic, constructed this model out of discarded steel bed frames, an engine, a motorcycle transmission, and wheels and tires from a wheelbarrow. It has five horse power, goes 50 miles per hour, gets 55 miles per gallon, weighs 500 lbs., is 86 inches from bumper to bumper and is 51 inches wide. The car cost him about \$300 and took 24 man-hours to build. It has three speeds forward but no reverse. Mr. Kent says people won't believe he made it. (NEA PHOTO)

## Bowles Against Farm Parity Amendment

Declares it Would Shoot Retail Food Prices up

WASHINGTON, April 1—(AP)—Stabilization Director Chester Bowles today declared the cost of living would jump six per cent or more under the farm parity formula passed by the Senate.

The plan, which allows farm labor costs to be considered in figuring parity prices, was tacked to the minimum wage bill although a presidential veto is threatened. The bill still is pending in the Senate.

Bowles said the amendment would shoot retail food prices up about 15 per cent and increase the average family's food budget around \$125, besides forcing an increase of seven per cent in store prices of cotton garments. He called it sharply inflationary.

The estimates were contained in a letter to Senator Pepper (D-Fla.) dated March 14. Bowles released it today.

"Experience has shown clearly that increases in the cost of living much smaller than would result from this amendment create demands for new wage increases," the stabilization director explained.

"Renewed wage demands would place a strain on the stabilization program which it might very well be unable to bear."

**Hardship on Farmer**  
Bowles said the amendment would set federal support prices at a level so high that many American farm products would be forced out of domestic and world markets thus increasing large food surpluses.

"These prices could not long be maintained. They would sooner or later collapse x x x" he declared.

"It would be disastrous if another disruptive factor should be injected into the picture just when the new (wage-price) policy is off to a good start and we are at the point of getting things rolling again."

Whether to bring 3,500,000 more workers under the Wage-Hour Act puzzled senators today as they returned to work on the veto-threatened minimum wage bill.

## Earthquake Shocks Felt

NEW YORK, April 1—(AP)—Two "very sharp" earthquake shocks, probably centering in Alaska, were recorded on the Fordham university seismograph today, the Rev. Joseph J. Lynch reported.

The seismologist said the first tremor occurred at 7:38.49 and the second at 7:46.50 (EST). The distance was about 3,900 miles north-west of New York.

SEATTLE, April 1—(AP)—The Thirteenth district coast guard officer reported today receipt of a message from the coast guard station at Unimak in the Aleutian chain, reporting a tidal wave hit there at 1:30 a. m. Pacific standard time. The report did not indicate there was any damage.

## Snow in New York

NEW YORK, April 1—(AP)—The weather played an April Fool prank on New Yorkers today—it snowed.

The flurries were brief and so light the snow melted as it hit the ground. The temperature was 39.

## Spring is Here Sure Enough

Wants State to Take Hospital

WASHINGTON, April 1—(AP)—A suggestion that O'Reilly general army hospital at Springfield, Mo. be used as a state institution if and when it is declared surplus by the war department was made today by Rep. Bennett (R-Mo.).

Bennett said in a statement that efforts to have the hospital used as a veterans' hospital have "run into a number of disheartening snags."

Federal agencies will have first call on the hospital when it is declared surplus. If they have no use for it, Bennett said, the state would have the next opportunity to take it over.

He said a member of the board of state eleemosynary institutions had told him there are about 1,000 persons on the waiting list for admission to the state school for feeble minded and epileptic at Marshall, Mo.

## 50 New Houses Are Going up

Fifty new houses for World War II veterans will be constructed on the remaining fifty lots in Crescent Drive addition, Tom E. Ware, builder, who sponsored the addition, stated today. He is erecting them and the Farm and Home Savings and Loan Association is the financial backer.

The houses, to be sold only to the War II veterans, when completed, will cost from \$4750 to \$7250, which amounts will include the lot. During construction a large sign will designate the purpose of the building, which reads "Reconversion Housing Program. During construction and for thirty days after completion this dwelling will be held for rent or sale at (here the price is inserted) to a veteran of World War II."

Mr. Ware said all necessary red tape, obtaining priorities for material, etc., has been taken care of, and work will start within the very near future.

This housing program is made possible under the G. I. Bill of Rights.

An easy pay plan has been arranged for the buyers, a sum to be paid monthly like rent, ranging from approximately \$38.50 per month to \$56.00 per month.

## Weather in N. Y. Most Unusual

By the Associated Press  
The weather provided its own April Fool fun today, bringing snow to New York, while forcing midwesterners to peel to their shirt sleeves.

The forecaster predicted a high of 80 degrees in Chicago, which would be an all-time record for the day. The old-time mark of 73 for April 1 is a holdover from 1882. Other places in the mid-west and southwest felt the breath of summer yesterday.

The mercury rose to 101 in Laredo, Texas; 93 in Topeka, Kas., and 89 in Kansas City. St. Louis had a night low of 70, as compared to a normal 44.

The snow flurries in New York were brief and light, but unmistakable. The temperature was 39 and the snow melted as soon as it hit the ground. Chill weather was prevalent throughout the east as cool air moved in from the west. In Charleston, S. C., the temperature dropped to 46 yesterday. Florida and Gulf States were unaffected by the cool wave, however.

## Where to Vote On Tuesday

Polls open at 6 o'clock in the morning for the city election Tuesday and close at 7 o'clock in the evening.  
Voting places are:  
First Ward, Precinct No. 1—Fire Engine House Number two.  
First Ward, Precinct No. 2—Mark Twain school building.  
First Ward, Precinct No. 3—Lincoln school building.  
Second Ward, Precinct No. 1—Fire Engine house No. 1.  
Second Ward, Precinct No. 2—319 East Pettis street.  
Third Ward, Precinct No. 3—Jefferson School building.  
Third Ward—Precinct No. 1—Washington School building.  
Third Ward, Precinct No. 2—Whittier School building.  
Third Ward—Precinct No. 3—1911 East Ninth street.  
Third Ward, Precinct No. 4—Central Business College.  
Third Ward, Precinct No. 5—1209 South Ingram.  
Fourth Ward, Precinct No. 1—Broadway School building.  
Fourth Ward, Precinct No. 2—612 West Sixteenth street (barber shop).  
Fourth Ward, Precinct No. 3—Archias Floral Co., Fourth and Park.  
Fourth Ward, Precinct No. 4—Horace Mann school building.  
Fourth Ward, Fifth Precinct—Pettis County court house.

## Democratic Rally Tonight

Tonight a Democratic city-wide rally will be held in the circuit court room of the court house. The meeting will start promptly at 8 o'clock with several talks to be given by local speakers who will speak "On the Issues."

Preceding the rally a meeting of all Democratic judges will be held at 7:15 o'clock in the county court room on the second floor of the court house and another meeting will be held for all the city Democratic workers in the circuit court room, also starting at 7:15 o'clock. To the judges the various election laws will be explained, while to the workers a method of campaign will be discussed.

At the rally musical numbers will be furnished by the "Happy Millers." Community singing will be led by Bill Morgan, to be followed by talks by Fred F. Wesner, Frank W. Hayes, Samuel P. Harlan, and brief remarks to be given by the candidates.

**Trenton—Three contests for city council seats.**  
Jefferson City—Five councilmen to be elected.  
Poplar Bluff—Five aldermen to be elected after quiet campaign.

**More Shirts Soon**  
LEXINGTON, Mo., April 1—(AP)—The Dunhill Shirt company expects to be in full production soon on civilian garments, President B. R. Suchart reported as the firm completed the last of its army and navy contracts.

Its total shirt production for the services, Suchart said, was 375,710.

**The Weather**  
Central Missouri: Warm and windy this afternoon, and tonight, low temperature tonight 65 degrees. Tuesday fair and not quite so warm.  
Temperature: 7 a. m., 70 degrees; 3 p. m., 87 degrees.

Lake of the Ozarks: 6.8; rise 1.

Sunrise 5:58 a. m. Sunset 6:39 p. m.

New moon April 1; first quarter moon April 8.

HEAR W. D. SMITH, chairman Republican city committee, over KDRO at 9 p. m. tonight.—Adv.

## Wide Variety Of Issues to Be Voted on

Attracting as Much Interest as The Candidates

JEFFERSON CITY, April 1—(AP)—Voters of Missouri communities will cast their ballots tomorrow on a wide variety of civic issues in addition to electing city officials and school board members.

Among the proposals in the first post-war municipal elections are bond issues, extension of city limits, city employee pension plans and increases in tax levies for operation of schools. In one city, Fulton, the voters will engage in a "straw" vote to determine sentiment for summer daylight saving time.

In many of the cities civic issues have stirred up more campaign activity than the candidates for office.

On Springfield and Columbia voters will rest decisions involving the future of ambitious programs.

In Springfield they will vote on a \$350,000 bond proposal for a new city hospital; a \$150,000 bond issue for development of a community recreation center and salary increases of \$1,500 annually for the mayor and four city commissioners.

**Bond Issues in Columbia**  
Three bond issues are on the ballot at Columbia, the major one being a \$400,000 proposal for a war memorial building and community center. Other proposals call for \$150,000 for sanitary sewers and \$100,000 for storm sewers.

Both Columbia and Carthage voters will decide whether to make their cities larger. Those in the University city will vote on taking in the the municipal airport, while those at Carthage will decide whether to extend the city limits to include an 80-acre tract on which 80 houses are under construction.

Sedalia will vote on a proposal providing a firemen's pension plan. St. Joseph, which has the pension plan in effect for its police and firemen, will vote on an increase in the levy to provide higher salaries for them and other city employees.

On the ballot at Jefferson City will be street and road building bond issues totaling \$160,000.

**School Series**  
A host of school districts will decide on proposed increases in the tax levy to provide higher salaries for teachers and to make repairs deferred by the war. Poplar Bluff will vote on a \$25,000 bond issue for a machine shop; Carrollton on a \$30,000 bond issue for school repairs, and Maryville will vote on a tax increase to provide a kindergarten.

Outside the civic issues, here is the election picture by cities: Booneville—Five council seats to be filled, and for the first time since 1942 the democrats have entered a ticket.

Columbia—Four Democratic candidates for the council are unopposed.

Carthage—Full slate of Democratic candidates seeking offices now held by Republicans.

**Democrats Unopposed**  
Fulton—With the exception of one council race, all Democratic candidates unopposed.

Marshall—Democratic nominees for five council seats and five city offices are unopposed.

Moberly—Three candidates are seeking two open seats in city council.

Sedalia—Election will follow intensive campaign between Mayor A. H. Wilks, Republican, and Julian H. Bagby, Democrat, former mayor.

Springfield—Voters will choose two city commissioners.

St. Joseph—Seeking the mayor's chair, being vacated by Phil J. Welch, who did not seek re-nomination after ten years in office, are County Clerk H. D. Allison, Democrat, and former Chief of Police Melvin C. Swepston, Republican.

Trenton—Three contests for city council seats.

Jefferson City—Five councilmen to be elected.

Poplar Bluff—Five aldermen to be elected after quiet campaign.

## Soviets Intention of Remaining In UNO Reaffirmed in Moscow

By Eddy Gilmore.

MOSCOW, April 1—(AP)—Russia's emphatic intention to remain a working partner in the United Nations with no thought of withdrawing is being reaffirmed in many quarters in Moscow every day.

Two foreign representatives in responsible diplomatic posts said today they had received strong though unofficial reassurances within the last three days. Soviet spokesmen, press commentators and lecturers are taking a strong line on this question, generally basing their conclusions on Prime Minister Stalin's recent answers to this correspondent.

"The Soviet Union is paying great attention to the UNO," declared the well-known lecturer on world affairs, Alexander Leontiev, in an address at the Hall of Columns. "The Soviet Union considers it a serious instrument for preserving international peace and security."

**Speaks To Packed House**  
Speaking to a packed house, Leontiev—whose remarks were published in Pravda today—said: "A number of Prime Minister Stalin's statements bear witness to this. Comrade Stalin pointed out in his answer to an Associated Press correspondent's questions that the strength of this international organization is based on the principle of equal rights of all states and not on the principle of the domination of any states by any others."

"It is natural," Leontiev continued, "that differences in opinion are going to emerge on a number of questions. There will be contradictions between the great powers, but the problem is to surmount these hardships and to find a joint agreement in decisions on international affairs."

"The Soviet Union is paying great attention to the UNO," declared the well-known lecturer on world affairs, Alexander Leontiev, in an address at the Hall of Columns. "The Soviet Union considers it a serious instrument for preserving international peace and security."

"The Soviet Union is paying great attention to the UNO," declared the well-known lecturer on world affairs, Alexander Leontiev, in an address at the Hall of Columns. "The Soviet Union considers it a serious instrument for preserving international peace and security."

**BULLETIN**  
By Don Whitehead  
HONOLULU, April 1—(AP)—A tidal wave pounded the shores of Hawaii today, killing at least five persons and injuring many others and causing heavy property damage.

The wave, which some witnesses said was more than ten feet high, struck about 7 a. m.

SAN FRANCISCO, April 1—(AP)—One man was killed by a huge wave that swept on the beach at Santa Cruz, south of here, today. Those on the strand said two great waves, much larger than normal, rolled up on the sands.

## Candidates All Ready for Election Day

Indications Are Voting Will be Unusually Heavy

Tuesday is election day in Sedalia. Voters are urged to get out early and cast their ballots. Indications are the voting Tuesday will be the heaviest that it has been in several years, due to the heated campaign conducted by both political parties the past two weeks.

The campaign activity will close tonight when both political parties turn to radio addresses, while the Democrats will also conduct a city-wide rally in the court house at 8 o'clock.

From 5:30 o'clock to 5:45 o'clock Anson Fennell, Democratic candidate for chief of police, will speak. From 6 o'clock to 6:15 o'clock Julian H. Bagby, Democratic candidate for mayor will speak. At 9 o'clock W. D. Smith, chairman of the Republican city committee will give a talk reviewing the Republican party platform.

The Republicans closed their city-wide campaign last Saturday night with a rally at the court house.

**Many Workers**  
Both political parties have an army of workers ready to go from house to house Tuesday urging the voters to get out and cast their ballots.

At the city hall this morning it was stated nine absentee ballots had been cast. They will be counted, in the presence of the Democratic and Republican chairmen, Wednesday morning.

Sedalia has one issue on which the people will vote, in addition to the candidates. It is the firemen's pension plan. If passed a fund will be created by a tax of two-tenths of a mill on each \$1.00 of the value of all taxable property annually assessed, plus an assessment of \$5.00 per month from each fireman in the department. A tax of two-tenths of one mill would amount to 20 cents on the \$1,000 valuation per year.

**Bothwell Hospital Notes**  
Mrs. Arthur D. Conley, 1817 West Sixth street, and Mrs. T. M. Garrett, 617 East Thirteenth street, admitted for medical treatment.

Miss Kathryn Labahn, 1609 South Monticau avenue, admitted for surgery.

Mrs. Cleo W. Hopkins and son, 1518 South Vermont avenue; Mrs. Kathryn Mein, 1218 East Twelfth street; Mrs. J. R. Brown and son, 908 South Vermont; Mrs. Louis H. Whitehouse and son, 1417 East Seventh street, and Mrs. Philip King, 1710 South Monticau avenue, dismissed.

Mr. and Mrs. Andrew Nelson, 3420 Campbell street, Kansas City, and Mrs. Mary Etta Hall, 1418 East Thirteenth street, Sedalia, dismissed.

The infant son of Mr. and Mrs. Herman A. Numerick of Green Ridge, which remained at the hospital for a time after Mrs. Numerick's dismissal, was dismissed today.

**City Hall Closed Tuesday**  
The offices in the city hall will be closed all day Tuesday, election day.

## Republicans Approach Vote For Chairman

Supporters of Rep. Carroll Reece Claim Victory

By Jack Bell

WASHINGTON, April 1—(AP)—Republicans approached a vote on a new national chairman today with Rep. Carroll Reece of Tennessee and former Senator John A. Danaher of Connecticut apparently leading a field of a half dozen aspirants.

With strong backing among national committee members from southern states, the Reece camp predicted a first-ballot victory for the Tennesseean to succeed Herbert Brownell, Jr., who resigned to return to private law practice.

Danaher, however, had the apparent support of committee members who have been closely associated in the past with Gov. Thomas E. Dewey of New York. J. Kenneth Bradley of Connecticut, a supporter of the late Wendell L. Willkie, arranged to nominate Danaher.

**Compromise Candidate**  
Some members looking around for a compromise candidate brought up the names of John W. Hanes, New York broker and former undersecretary of the treasury, and Arthur Summerfield, Michigan national committeeman.

Hanes, a Democrat who broke with the administration to support Willkie in 1940, apparently had only scattered backing. Summerfield also was regarded as a possible choice for national finance chairman, a post being vacated by James Kemper, Chicago insurance executive.

There still was speculation that the names of Sen. Kenneth Wherry of Nebraska and Rep. Charles Halleck of Indiana might be advanced.

As a prelude to today's meeting of the 106-member national committee, a party policy subcommittee last night released the text of a suggested resolution deploring "the incoherence and inefficiency of administration handling of foreign affairs."

## Tells of River Valley Future

MINNEAPOLIS, April 1—(AP)—The federal government's plans for harnessing the "bad boy of our American river system"—the Missouri—were described today to Minneapolis business men by the author of the plan, Maj. Gen. Lewis A. Pick, Missouri river division engineer.

Reporting that shovels, bulldozers and draglines will be moving earth this summer from one end of the Missouri valley to the other in a long range program he estimated will ultimately cost a billion and a half dollars, Gen. Pick urged the Twin Cities area to familiarize itself with the project so it may benefit from development.

"What is good for that area (Missouri Valley)," said General Pick, "cannot help but rebound to the benefit of this big industrial center on the banks of the Mississippi."

"And I want to say that something big is beginning to happen in the Missouri river valley. It is the start of a vast undertaking to harness the river system of an area comprising one-sixth of the entire United States."

**War Dads Seek Homes For 6,000 War Veterans**  
KANSAS CITY, April 1—(AP)—Houses and apartments for some 6,000 war veterans and their families were being sought today in a house-to-house canvass by members of the American War Dads. The survey will last 45 days and canvassers hope to persuade home owners to remodel unused rooms and attics to take care of the overflow in population.

## Iranian Support Cabled

Reply to Claims By Russia That Hussein Ala Was Not up on Facts

By J. W. Davis

NEW YORK, April 1—(AP)—Premier Ahmed Qavam of Iran today gave unqualified support to Hussein Ala, his ambassador here, in a telegram direct to the United Nations Security Council.

In support of Ala, who presented the Iranian situation to the council after Russia's dramatic walkout, the premier messaged:

"Hussein Ala has been and continues to be fully accredited and qualified to represent Iran in the matter concerning Iran now before the Security Council and in any other matters concerning Iran which may come before the Security council requiring Iranian representation. This accreditation will remain valid until further notice."

The Premier's statement, sent to Trygve Lie, secretary-general, apparently was in reply to earlier Russian claims that Ala was not familiar with late developments in the situation.

The text of the cable was announced by the United Nations department of information.

**Has Been One Short**

This development came amid speculation over Russia's payment in full of her dues to the UNO and subsequent hopes that the Council soon would be running on a full team basis.

It has been one man short since Wednesday when Russian delegate Andrei Gromyko walked out in protest against the council's refusal to defer the Iranian question until April 10.

Members of the other ten delegations could count three developments in favor of their hope that Russia might end what one official called a "temporary absence," and resume its place on the council when that body reconvenes Wednesday. These were:

1. The news from Moscow, released here by Secretary-General Trygve Lie, that Russia had paid in full her \$1,723,000 assessment for the United Nations working capital. She was the first big power to do so.

2. Boris Stein, alternate Russian delegate, has been working steadily—and most congenially, other members said—on the council committee which is drafting rules for the conduct of business.

3. Similarly, the Russians have taken part in meetings of the military staff committee which is working on preliminary plans for an international force to keep the peace.

**Add Up Well**  
"All these are evidence that adds up all to the good," said one delegation official, who withheld the use of his name. This man expressed the opinion the Russians have not been happy in their self-chosen exile from the council.

He termed the dues-payment announcement "great news," and added:

"I think we all would like to consider it as a sign of continued Russian devotion to UNO and that we will soon get over this temporary absence."

There is still the fact that Moscow, and Tehran, have not replied yet to the council's request of last Friday for clarification of the Iranian occupation matter. The deadline is Wednesday.

The council wants to know, in effect, whether the Russian troops were a tool to pry out oil concessions, or stated more formally, is Russia's fulfillment of her announced intention to remove these troops dependent on negotiations between Iran and Russia?

**Stand Is Sound**

Persons familiar with the views of Secretary of State James F. Byrnes and Sir Alexander Cadogan of Great Britain said these two leaders in the Russian-opposed move to bring the question of Iran before the Security Council are satisfied their stand is sound.

They were said to feel that "the right thing has been done" and that they should pursue the course they have taken. Byrnes argued especially in the council that to ignore Iran now might cost the United Nations the confidence of other small powers.

Three of these small nations are the only ones besides Russia to have paid in full their share of the United Nations' working capital. They are Belgium with \$332,750, the Netherlands with \$357,000 and Norway with \$169,000.

The United States was assessed \$6,153,000 of which it has paid \$500,000. Britain has paid \$300,000 of her \$3,692,750 assessment.

## Help Get More Soaps, BRING IN USED FATS!

THIS country is short of industrial fats, mighty short. The supply is so low that the government must decide how much fat can be released to make soap; how much for other peacetime goods. The shortage would be even worse without the wonderful help American housewives are giving by turning in used fats.

Keep saving to tide us over this emergency. It will help you get more soaps and other products you want so much.

OKAY, UNCLE SAM. IF SAVING USED FATS HELPS MAKE MORE SOAPS COUNT ME IN!

BRING USED FATS TO ME JUST AS SOON AS YOU HAVE A CANFUL.

LOTS MORE FAT SCRAPS TO MELT DOWN, NOW. WIMMY, HOW THE SALVAGE CAN FILLS UP THESE DAYS!

AND THE BUTCHER GIVES ME 4¢ FOR EVERY POUND I BRING IN!

Where there's fat—there's soap

## Social Events

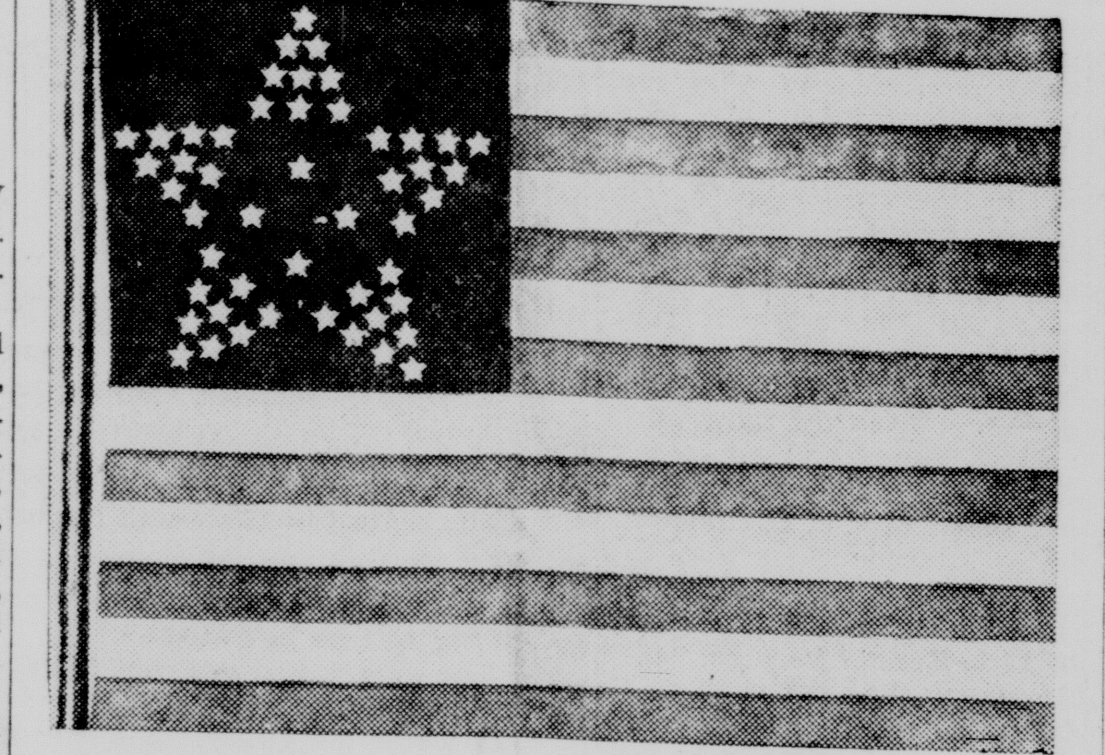

A shower was given Wednesday night for Mr. and Mrs. Arthur E. Mahin at their home south of La-Monte.

Those present were: Mr. and Mrs. Oliver Sevier and son, D. I., Mr. and Mrs. Arthur Dorrance, Mr. and Mrs. Ed Fick, Mr. and Mrs. Kenneth Ficken and son, Melvin, Mr. and Mrs. Forrest Rice and son, Dick, Mr. and Mrs. J. F. Rice and daughters, Evelyn and Nora Lou, Mr. and Mrs. George Lewis and daughter, Lois, Mr. and Mrs. George Croll, Mr. and Mrs. Willard Hall and sons, Melvin and Wilbur Ray, Mr. and Mrs. Robert McCurdy, Mr. and Mrs. George Landes, Mr. and Mrs. Lyman Littlefield, Mr. and Mrs. Fred Wickel and sons, Robert and Kenneth, Mr. and Mrs. Aubrey Moore and children, Doris and Charles, Mr. and Mrs. Maurice Curtis, Ralph Blair, Mr. Hewitt, Scott Mahin, Mr. and Mrs. Clarence Mahin and daughter, Zita Marie, Mr. and Mrs. Guy Mahin and Mr. and Mrs. Arthur E. Mahin and son, Ronald Scott.

Many gifts were received by the honorees. Refreshments were served.

Mr. and Mrs. O. K. Reeves, 4147 College street, Kansas City, former residents of Green Ridge, announce the marriage of their daughter, Edna May, to Otis L. Talley. The single ring ceremony was read March 21 in the study of the Assembly of God church of

## 'Old Glory' Has Growing Pains As Hawaii-Alaska Seek Stars

"Old Glory" might look like this if another state joins Union.

By DOUGLAS LARSEN  
NEA Special Correspondent  
WASHINGTON — While Congressmen, politicians, Federal officials and diplomats knock themselves out trying to solve the problems of the Nation and cure the world's ills, many American school children and housewives have turned their attention to a problem which to them seems more elemental—what's going to happen to Old Glory?

The Division of Territories and Island Possessions of the Department of Interior reports the prospect of either one or both of Hawaii and Alaska becoming a state soon. An act of Congress passed on April 4, 1818, states in part, "On the admission of every new state into the Union, one star shall be added to the Union of the flag; and such addition shall

Kansas City by the pastor, the Rev. U. S. Grant.

The bride couple were attended by the bride's mother and the bridegroom's father, Leo Talley of Rockville.

Mr. and Mrs. Emmet Sullivan and William F. Brown, 1105 West Third street, spent the week-end in Kansas City, and while there attended the wedding of Miss Patricia Hull and Mr. Kenneth Eisler.

Mr. Brown was groomsmen at the wedding.

The bride is a cousin of Mrs. Sullivan and Mr. Brown.

Miss Vivian McAtee and Miss Ruth Ann Yunker were pleasantly surprised on their birthday anniversaries with a dinner in their honor at the home of Miss D'Ete Ferguson, 905 South Sneed Sunday evening. Both of the honorees were presented with corsages. Guests were: Anna Rose Baker, Carl Dean Jarschwitch, Anita Isgur, Ilene Wagner, Mary Frances Borne, D'Ete Ferguson, Vivian McAtee and Ruth Ann Yunker.

The Dorcas class of the East Broadway Christian church will have an all day meeting Thursday at the home of Mrs. Helen Whittington, 1202 East Broadway.

Miss Nora Belle Caton, daughter of Mr. and Mrs. Sam Caton of Ottoville and Pfc. William Robert Bottom, son of Mr. and Mrs. Lawrence Bottom of Ottoville, were married at 5 p. m. March 22 by the Rev. R. C. Williamson, pastor of the Sedalia Congregational-Presbyterian church, at his home, 315 South Sneed avenue.

The bride was attired in a navy blue dress trimmed with white lace. Her accessories were black.

Miss Caton, now Mrs. Bottom, is a 1939 graduate of Ottoville high school. The bridegroom, also a graduate of the high school, is in military service.

The couple was given a reception Friday evening at the home of the bride's parents which was attended by approximately forty relatives and friends. A large wedding cake baked by Mrs. Lon Bryan and candles formed the table centerpiece.

After a short wedding trip to the Ozarks Pfc. Bottom will be at the home of the bride's parents.

At the expiration of his 30-day furlough, Pfc. Bottom will report to Ft. Leavenworth, Kas., for re-assignment.

A tasty solution for those precious bits of left-over cooked ham remaining from the Easter dinner is Ham-Spaghetti Casserole. Fold 1½ cups of cooked chopped ham and 1 cup cooked string beans into 1½ cups of a medium thick mustard white sauce. Add 4 ounces of cooked spaghetti. Pour into a greased 1½ quart casserole and sprinkle generously with buttered bread crumbs. Bake in a moderate oven (350 degrees F.) for 25 minutes. Serve this tasty dish with a tossed vegetable salad, hard rolls and beverage. Peach sauce and Peanut Butter cookies make a delightful dessert to complete this simple menu.

Fold 2 tablespoons of piquant pickle relish into a favorite macaroni and cheese recipe before baking. The peppery relish gives this famous casserole dish a zesty flavor—a taste teaser for drowsy spring appetites.

For a springtime touch to the all time favorite noodle-consomme soup, add 1 chopped hard cooked egg to piping hot soup before serving. One chopped egg gives 4 servings of soup a sunny color as well as a delightful flavor.

states in the order of their admission to the Union. When and if another state is added to the Union the same procedure would probably be used to change the flag. It is expected that the President would appoint a special committee to study the problem and make a recommendation.

But whatever change is made it will still be Old Glory.

When you go to the polls Tuesday, April 2nd, you will be handed a special ballot reading:

## Shall The Firemen's Pension Plan Be Approved?

Here are the reasons we think the Firemen's Pension Plan SHOULD BE APPROVED:

### SMALL COST TO PUBLIC

The retirement fund would be created by a tax of two-tenths of one mill on each \$1.00 value of all taxable property annually assessed in the City of Sedalia.

The Fireman, in addition to the increase in his tax, would be assessed \$5.00 of his salary to be paid in regular monthly payments.

### FIREMEN NOT PROTECTED

The Fire-Fighter is Not Protected by Social Security or Unemployment Compensation.

This plan would retire firemen after 25 years' service or at the age of 62, subject to the approval of the Pension Board. This would increase the efficiency of the department, as it would result in the continuous entrance of young, active men into the service. Under the new State Constitution, this is the first time that fire-fighters in the state of Missouri in cities under 100,000 population have been given the right to seek a retirement fund, subject to the approval of the voters.

### NON-PARTISAN

This is strictly a non-partisan issue and we hope all citizens will favor the Pension Plan by

### Time Required To Reform The Germans

Recent Plot is Warning Not to Relax Occupation

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

The Nazi underground plot to revive Hitlerism in Germany, disclosed during the week-end, is grim warning to those who would relax the military occupation that the Allied task of reformation is far from finished.

It's highly significant that this revolt centered in the Hitler youth movement, for that remains the core of the resistance to Allied authority. During my recent tour of the occupied areas mentioned in this column more than once—and want to emphasize again—that the dangerous element of the German population lies for the most part within the age range of from fourteen to thirty-five. There you will find the majority of those whom Hitler was able to hypnotize with his poisonous doctrine.

The youth movement fanatics represent the toughest of the human problems which the Allies have in German rehabilitation. These young people—the most vital element in the Reich—are so thoroughly Hitlerized that there appears to be small hope of persuading many of them to a change of heart. They can be kept in hand only by force, for force is their god.

**Concentrating On Youth**

But the thing cuts deeper than that. Since this age group is largely lost to the Allies, the most effective educational reform must be made among the younger boys and girls—the sprouting generation. There our main hope lies, and that is where the Allies are concentrating heavily.

However, the occupation authorities are up against a great handicap because, while the children are friendly enough and are receptive to the proper training in their schools, they have to be sent home to parents who belong to the Hitlerized group. Thus it's bound to come about that many children's minds will be contaminated by their fathers and mothers who will use every means to undo Allied teaching.

**Other Support**

So much for this dangerous Hitler youth movement, but it would be a mistake to think that this is the sole source of support for the revival of Nazism. The Prussian militarists, whose only interest in Hitlerism was that it fitted in with their schemes for expansion of the Reich by conquest, will do their utmost to unhorse the Allies.

Appropos of this, when I was at the war crimes trial at Nurnberg a short time ago I reported to you that the defense of former Reichsmarshal Herman Goering and some other prominent figures was directed fully as much towards whitewashing the Hitler regime as towards securing acquittal for those in the dock. In fact it strikes me that Goering is quite resigned to conviction and is devoting his energy towards vindicating his government and thereby providing propaganda for a restoration.

**Will Try Again**

The youth movement plot isn't surprising, of course, for it has been in the cards all along. And it isn't the last thing of its kind which we shall see, because it's natural for a beaten people to try to overthrow their conquerors. You can see the threat of this in the sullen and often bitter looks you get from many Germans.

Unfortunately the Germans have found more than a little encouragement for hostility in the differences of viewpoint which have

### Circus at Fair Grounds on April 8, 9, 10

For Benefit of Shrine Crippled Children's Fund

Combining all the festive fairy-land that is wondrous and appealing in the enchanted realm of sawdust and spangles, yet presented in the comfort and safety of the Fairgrounds Coliseum, the Sedalia Shrine Club announces the coming to Sedalia of the Great Clyde Bros. Circus for three days, starting Monday, April 8th.

For several years circus lovers all over the world have clamored for a real circus where rain, heat, cold and other inclement tricks of nature would fail to dampen the ardor of a circus goer, and in recent years entertainment of this nature has been presented successfully in all of the huge auditoriums of the larger cities of the east and west. Clyde Bros. Circus was a pioneer in the showing of a circus indoors and this year is considered one of the finest of the indoor circuses.

**Choice Features**

Embracing the area of the world's choicest circus talent, the program features such famous acts as: Miss Evelyn Rossi, conceded to be the world's premiere lady aerialist, Gus Kanerva, performing his death-defying head balance on the flying trapeze; Captain Leo Albrecht and his trained animal groups; Comedy Cloud, world famed cyclist, in a skilled display of equilibrium that defies the law of gravity; Miss Maurine and her pets from every clime; the Connors Family, world-famed equilibrist and renowned artists of the Rolling Globes; Art and Marie Henry, wizards of the silver strand; Jimmie Armstrong, world-renowned midget, and his galaxy of funny clowns; the famous Clyde Bros. Circus Military Drill and equestrian display of Shetland ponies; and scores of other daring features.

The Circus comes to Sedalia under the direct sponsorship of the Sedalia Shrine Club for the benefit of the Shrine Crippled Children's fund, and the advance sale of tickets which the organization has offered for sale, is a harbinger of a huge attendance at each performance.

Performances will be given daily at 2:30 and 8 p. m., with doors to the auditorium open an hour earlier.

### Typewriter House Opened

The Typewriter House, agency for the Underwood typewriters and the Sundstrand adding machines, has been opened at 624 East Twenty-fourth street, according to an announcement made today by Harry Haddock, of the above address.

Mr. Haddock, a representative of the Underwood Typewriter Co., formerly was in the Sedalia territory for three and a half years, and after an absence of nearly ten years returns to this territory. He has opened a modern repair shop at his residence and has competent machinists to do this work.

Mr. Haddock, who has been with the Underwood Co. for twenty-six years, spent the past two and a half years installing repair units in various army camps, and also was an instructor of typewriter mechanics east of the Mississippi.

### Man Who Led Famous Retreat is Dead

LONDON, April 1—(AP)—Field Marshal Viscount Gort, 59, former chief of the British Imperial staff and a distant cousin of King George VI, died yesterday in Guy's hospital after a long illness.

Gort, who led the famed retreat from Dunkerque in 1940 as commander of the British expeditionary force, underwent a serious operation last November. He was reported to have recently suffered a serious relapse.

The noted British commander resigned as commander in chief and high commissioner for Palestine last fall because of failing health.

## Helps build up resistance against MONTHLY FEMALE PAIN

When taken regularly!

Lydia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to functional periodic disturbances. It also relieves accompanying weak, tired, nervous, jittery feelings—of such nature. Taken regularly—Pinkham's Compound helps build up resistance against such monthly distress. Pinkham's Compound is worth trying!

# IT'S UP TO YOU

I submit the following program of action and if you believe that any or all of these steps should be taken as a means of making our city a better place in which to live, I shall appreciate your vote and support in the City Election, Tuesday, April 2nd.

### COOPERATION WITH THE COUNCIL

I shall lend my untiring efforts to reason out all public problems arising during my administration with the Council to the end that what is best for the common good of our City can be accomplished.

### UNIFORM COLLECTION OF GARBAGE

I believe that Sedalians have wanted this service for some time and I will give my immediate attention to this problem.

### STREET IMPROVEMENT

I believe that our City streets are badly in need of repairs and I propose a City Wide Program to keep our streets cleaner and in a better condition, to install needed street lights and necessary fire hydrants, and to do these things without unnecessary delay.

### RECREATIONAL PROGRAM

I believe that our present parks can be made more useful and that additional neighborhood parks can be used to good advantage. I favor a City Recreational Program and I will work actively in its behalf.

### LOCAL HEALTH UNIT

I believe that a need exists in our community for the increased protection of health and I am prepared to back to the limit any plan that is designed to promote healthful living among our citizens, and that is suggested by those familiar with the health situation.

### APPOINTMENTS

I believe that in making appointments that a man's qualifications for a particular job should be considered first, and that a City's Chief Executive should consult with the various parties concerned in advance of all appointments.

### NEW INDUSTRIES

I believe that after giving first consideration to our existing industries and businesses that a City Administration should lead the way in attracting new industries to our City.

### EDUCATION

I believe that a City Administration should actively support the Board of Education and the Superintendent of Schools in any plans they present that will increase educational opportunities of the young people of Sedalia.

### MANAGEMENT OF CITY AFFAIRS

I give you my pledge that during the next four years, I will devote my efforts to bringing about the same, efficient, businesslike, progressive methods of local government that you and I would like to see in Sedalia.

## Cardinals And Senators Hold Leads

### Best Week Records Made by Detroit And Chicago Cubs

NEW YORK, April 1.—(AP)—Washington's Senators and the St. Louis Cardinals led their divisions of the grapefruit league today as the teams swung into the final two weeks of spring training for the regular major league campaign April 16.  
Topping all National League clubs, the Cardinals swing won four of six games last week to bring their record to 13 and nine for a .591 percentage, three points higher than the New York Giants.  
The Senators, splitting four games during the week, held onto first place among American League teams with 13 wins and seven losses for a .650 average. The New York Yankees were second with 27 won, 18 lost for .600.  
The best records of the week

## Orchestra and Band Concert Tuesday Night

The Smith-Cotton high school orchestra and band under the direction of Ralph R. Guenther will present the following program, free to the public, at the high school auditorium Tuesday night at 8 o'clock:

Orchestra—"Mozart Suite" (arranged by Tom Clark), consisting of "Eine Kleine Nachtmusik," theme from "Piano Sonata in A Major" and Allegro from "Symphony Number Twelve." Andante from "Sixth Symphony" (Tschai-kovsky); violin solo, "Czardas" (Monti), Mary Frances Burlingame, accompanied by Ruth Ann Yunker; "Slavonic Dance Number One" (Dvorak); Ballet Music from "Rosemunde" (Schubert); Selections by a male quartet composed of Aubrey Case, Carl Yessen, Bob Wild and Ralph Guenther; "When Day Is Done" (Katscher-Guenther); "Sunrise at Sea" (Damas-ter).

Intermission.  
Band—"March General Raupp" (Robertson); Overture to "Student Prince" (Romberg); Baritone horn solo, "Willow Echoes" (Simon), Harold Nelson, accompanied by Gene Wells; "Bells of St. Mary's" (Adams-Yoder); "Jeannie With the Light Brown Hair" (Foster-Calliet); "The World is Waiting for the Sunrise" (Seitz-Alford); Spanish March, "Amparito Roca" (Texidor).

## Bob Hamilton Wins Charlotte, N. C. Open

AUGUSTA, Ga., April 1.—(AP)—Golfdom's leading professionals and amateurs were gathering here today for a series of practice rounds in tuning up for the tenth annual 72-hole Masters tournament starting Thursday.  
A vanguard of the 60-odd entrants, including Horton Smith of Detroit, and Byron Nelson, of Toledo, the event's only double winners, has been on hand a week or so perfecting shots over the carefully groomed 6,800-yard layout.

A majority of those invited for the event, which was suspended after the 1942 tournament, got in today from Charlotte, where that city's open was concluded yesterday, with Bob Hamilton, of Chicago, former PGA champion, winning.  
This year's renewal is considered a wide-open by Byron Nelson, who first won in 1937, out to defend his 1942 title against such contenders as Ben Hogan of Hershey, Pa., Hamilton, Sam Byrd of Detroit, Jimmie Demaret of Houston, Texas, and Sammy Snead of Hot Springs, Va.  
Hogan, leading money winner of the winter tour, which concludes here, was runner-up to Nelson in 1942, losing by one stroke in a playoff after they had wound up in a 280 deadlock. Demaret won in 1940 and Snead was second in 1939, a stroke behind Ralph Guldahl, who set the event's existing record that year at 279, nine under par.  
Yesterday's practice round, the first of four days of formal tuning up, was paced by Ralph Hutchinson, of Bethlehem, Pa., who had a 70, two under par. Byrd and Dick Metz of Chicago, consistent finishers of late, each had a 72 and Smith carded a 73.

## Recognition is Given Tom E. Ware

On the front page of the current issue of Practical Builder, published by the Industrial Publication Company of Chicago, are featured pictures of men termed "Men of the Hour, the Builders Album of Today and Tomorrow," and among them is Tom E. Ware of Sedalia.  
Mr. Ware, who opened Crescent Drive, is responsible for the erection of many homes in that district, as well as others in all parts of the city.

## Elected to Teach In St. Louis School

Miss Irene Smiley, daughter of Mr. and Mrs. H. H. Smiley, of Knob Noster, has been elected by the St. Louis board of education as acting principal of Forder school, 623 West Ripa, St. Louis, succeeding Alvin J. Ritter, who has accepted a position as Professor of Education in Boise college, Boise, Idaho.  
Miss Smiley received her B. S. degree from Central Missouri State Teachers college, Warrensburg, is a graduate of the National Art school, Chicago, Ill., and has done additional graduate work at Zane-bur Penmanship college, Columbus, O.

## AN OPEN LETTER TO THE PUBLIC

Regarding Mayor Wilks' "open letter to the public" which appeared in the Friday Evening Democrat and the Saturday morning Capital, and which read in part:  
(3) I shall do what I can to keep the Fire Department Non-partisan because I believe an experienced non-partisan Fire Department is best for fire protection in Sedalia.  
We, the members of the Sedalia Police Department, Local No. 122, commend this statement, but we ask Mayor Wilks, who he did not include the Police Department in this quotation.  
Does this mean, Mayor Wilks, that the Police Department is to become a political football during the next administration should you be re-elected for another term?  
Signed Sedalia Police Dept.  
Local No. 122.

# Pettis County Farm and Home News

## Smithton Is Winner In Plays Contest

Quisenberry Is Second At The S-C High School

The twentieth annual Rural Dramatics contest attracted a large audience at the Smith-Cotton high school auditorium on March 25 and 26. Approximately 500 people were in attendance each night and interest remained high until the end.

Seven one-act plays and numerous special numbers were given at the dramatics event this year. This year as in some previous years the plays were placed. The first three plays, their director, and the community which presented them are as follows: First place—"City Slicker and Our Nell" given by the Smithton community and directed by Mrs. Walter May; second—"All Cans to the Rescue" given by the Quisenberry community and directed by Mrs. P. S. Read and Mrs. Eugene Helman; third—"Angel Without Wings" given by the Flat Creek community and directed by Mrs. Clarence Wadleigh. The other plays, "Lucky Lucy" given by the Prairie Ridge community, "Black Clouds" given by the Longwood community, "Muley" given by the Hughesville community, and "Hill-billy Sue" given by the Oak Point community were all placed in fourth place. In the opinion of the judges all the plays this year were very well presented.

### Gave Musical Numbers

Between the plays special numbers including a vocal duet, girls' double trio, violin solo, dutch dance, piano solo, and two-piano music were presented by individuals and groups from the High Point, La Monte, Beaman, Ionia, Hughesville, Sedalia, and Quisenberry communities. The special numbers were very interesting and were enjoyed by all.

Much time and effort was spent by those participating in the county to make it another successful one. Similar dramatics programs are held each year all over the United States. The dramatics event in Pettis county is the oldest continuous event of its kind in the United States.

## Use Mulch To Hold Moisture

When strawberry plants have been rather heavily mulched, they can be held back in their spring development by keeping them covered as long as possible. There is danger, however, of seriously injuring the crop if they are kept covered too long.

A fairly good rule is to leave the mulch on until the new growth has started and is showing a few balanced leaves under the mulch. Then lightly rake the mulch from off the row itself, but tramping it firmly between the rows. In this way, the mulch is utilized to the best advantage in retaining moisture and preventing weed growth. Care should be used in removing the mulch, leaving as much straw and chaff around the plants as possible, yet permitting them to come through and develop.

It is especially desirable to have the mulch well packed at the edge

## Time To Clean-Up Danger Spots

Before the spring rush starts there is still time to make a quick clean-up of danger spots around the home and farm service buildings, say the farm management specialists of the Missouri College of Agriculture. Such a clean-up may avert painful and serious accidents.

Loose boards, heavy timbers or farm equipment stored carelessly overhead are serious hazards. Barbed wire, broken glass and boards with nails projecting from them also increase the danger of accidents. With the approach of the electrical storm season it is also a good plan to check lightning rods

of the rows where a smaller "Shoulder" usually exists

## Time To Enter In Balanced Farm Contest

Be Conducted In Every County In The State This Year

Farm families of the state have until May 1 to enter the Balanced Farming Contest being held in every county of the state this year. Cash awards will be given the three families making the most progress in their programs during the year, with the judging to be done by a county committee. The awards will be provided by the chambers of commerce of St. Louis, Kansas City, and Springfield, each group providing the awards for its trade territory.

The Extension Service of the University of Missouri College of Agriculture is cooperating in the contest and has aided these groups in preparing printed material about the contests.

This material along with any additional information can be obtained from county extension offices.

At least five entries are required in a county before the awards will be given in a specific county. Any farm family now carrying on Balanced Farming, or which will start such a program soon, is eligible to participate.

### Cash Prizes Awards

In eastern Missouri, cash prizes of \$25, \$15, and \$10 to the three top families will be given at the end of the year. In addition, merchandise prizes such as refrigerators and ranges will go to winners in each of the eight districts in which all eastern Missouri counties have been divided for the contest.

In western Missouri, similar cash awards of \$25, \$15, and \$10 will go to the three families placing first, second, and third in a county.

In the Springfield territory, prizes in each county will be \$50, \$30, and \$20. In addition, two awards of \$50 each will be given in each of the 16 counties of that territory to two boys who in the opinion of the judges show the greatest initiative and make the most progress from the standpoint of an individual. It is recommended that this prize money be used in paying the expenses of the winner to a short course at the University of Missouri.

## Situation On Feed For Live Stock Serious

Next To Impossible To Secure Corn From Out Of State

The feed situation is more serious in Missouri than at any time during the war. There are no prospects for improvement until 1946 crops can be harvested.

The farmer's income from livestock is based on the stock he sells that has been largely produced on feed grain grown on the farm supplemented with purchased high protein feeds and some additional grain.

With a 1945 corn crop 35% smaller than the 1944 crop (and much of it low in feeding value) and faced with the fact that it is next to impossible to buy corn from outside the state, Pettis county farmers face a serious situation. The Agricultural Extension Service offers these suggestions to farmers:

### Hogs

1. Sell fattening hogs at a weight not to exceed 200 lbs.

2. Carry late fall and winter pigs on good pasture and limited amount of grain until 1946 grain crops are available.

3. Provide the best of pasture for early spring pigs, and feed as liberally as possible.

4. Carry sows and gilts bred for summer pigs on good pasture with a limited corn or oats ration.

5. Provide the best possible pasture possible for hogs. (Dwarf Essex, rape or oats make excellent spring seeded pasture on good land.)

6. Plant corn early for fattening feed. Hogs can be turned into this field when corn is dented (probably August 1).

7. Cut wheat and rye, not urgently for pasture, for grain.

8. Plan to use some of the 1946 oat crop for hog feed.

9. Feed such protein feeds as are available to suckling sows and to the pigs until they weight 75 to 100 lbs.

10. Breed sows for fall litters according to prospective feed supply.

11. Raise pigs where there have been no hogs for two years, if possible.

12. Get rid of lice by spraying or dipping with oil or stock dip (use according to directions).

13. Dip with lime and sulphur twice at intervals of 10 to 12 days to control mange.

14. Treat for worms if raised where hogs were produced in 1944-45.

15. Vaccinate against cholera.

16. Keep hogs on a good pasture to help prevent nutritional disease.

And To Repeat:

16. Keep hogs on a good pasture to help prevent nutritional disease.

Beef Cattle

Feeding Cattle

Market steers and heifers that have been on feed during the winter and have sufficient finish to produce carcasses grading good.

Calves and yearlings that have been wintered to gain 1 to 1½ lbs. per day should be grazed 60 to 130 days (depending on amount and kind of pasture) then marketed off pasture or fed up to 90 days depending on conditions at end of grazing period.

Seed lespeeza in all small grain crops and arrange to graze as soon as possible after grain crop is removed.

Steers will continue to gain well through July to September on good

## Situation On Feed For Live Stock Serious

Next To Impossible To Secure Corn From Out Of State

The feed situation is more serious in Missouri than at any time during the war. There are no prospects for improvement until 1946 crops can be harvested.

The farmer's income from livestock is based on the stock he sells that has been largely produced on feed grain grown on the farm supplemented with purchased high protein feeds and some additional grain.

## Lime Applied To Improve Soil

During the past 5 years, some four million acres of Missouri land has received lime applications. This usually means that land so treated is capable of growing such a legume as sweet clover. But last year, only about half a million acres of sweet clover was grown in the state.

Of course, other legumes were grown on some of this land, but much of the land which could have grown sweet clover was not doing so. And, of course, while a temporary increase in such crops as corn is obtained from the use of limestone alone, the real purpose of liming is to prepare the ground for the successful growing of legumes—which in turn can add organic matter and nitrogen to the soil. Doing this means better yields of following crops.

This is indicated by an experiment at the Missouri College of Agriculture farms near Columbia. In an 8-year test using a rotation of corn and oats with sweet clover, corn yields per acre moved up 16 bushels as compared to a similar plot in which no sweet clover was grown. Oat yields were boosted 8 bushels per acre.

Sweet clover provides good pasture for livestock in the fall of its first season's growth and again in the early spring of the second year's growth. So, if sweet clover is seeded now, it will furnish pasture this fall and next spring.

Sweet clover to be seeded only on soils well supplied with lime. If sown on soils where lime has not been applied at least a year or more before seeding, an additional 500 to 500 pounds of 10-mesh limestone should be drilled in at seeding time.

On the light-colored soils of Northeast and South Missouri, a phosphate-fertilizer also can be used to good advantage. On the dark soils of West and North Missouri, phosphate fertilizers usually will meet the needs. You can best apply the fertilizer when your small grain crop such as oats is seeded. However, you can drill it in with the clover seed, if you already have seeded your oats.

A. W. Klemme, extension soils specialist, says the seed when sown on fields which have not recently grown sweet clover or alfalfa, should be inoculated before sowing.

The usual rate of seeding is 12 to 20 pounds per acre of the non-scarified seed. Less seed is required for satisfactory stands when it is drilled in shallow or covered lightly with a harrow.

### Lespezea Pasture

If cattle have been wintered to gain 1½ lbs. or more per day and are fed on grass, turn on grass while it is small and bring up to full feed of grain as soon as possible.

With good pasture, cattle weighing over 700 lbs. may be finished on corn alone.

1946 calves will be 50 to 100 lbs. heavier at weaning if their dams have access to an abundant supply of good pasture (Blue grass or other permanent pasture, in May, June—Lespezea or other legume during July, August, and September.)

### Horses

Make use of good pasture. Expect when at heavy work reduce grain to a minimum. Even though late, treatment for internal parasites will be beneficial.

### Sheep

As soon as good pasture is available, take grain away from all sheep except spring lambs. Control parasites by medicinal treatment and good pasture management.

## Payments On Milk Production

Beginning April 1 the Pettis County Triple-A committee will accept applications and make payments to Pettis county producers on production of whole milk and butterfat sold during the months of January, February and March, 1946, stated Jas. A. Harvey, AAA Chairman. Evidence on all production sold during the entire three months must be presented at the same time making one payment necessary. Payment rates for this period are 60c per hundred-weight of whole milk sold and 17c per pound of butterfat sold.

Harvey calls particular attention to those producers who usually mail their evidence to the county office for payment. No payments can be made until an application for same has been signed therefore it would be to their advantage to present their evidence in person so that the application could be signed and payment made at the same time

## Fertility Of Double Import

Soil fertility is doubly important this year. First, because of the great need for food; second, because quality food is needed for best nutrition.

Fertilizer makes production more efficient. The increased production is obtained at a lower proportional cost than the production without fertilizer. Since the need for food this year is as great as any year, the greatest production per acre and with the least labor will be the most efficient. Best production will be obtained if some fertilizer is plowed down with the organic matter and some used as a side dressing. 40 pounds (or ½ sack) of superphosphate should be used with each ton (or good load) of manure. Use 4-12-4, 1 pound for every 50 foot of row at planting time. If the broadcast method is preferred, use 1 pound for every 50 square feet. The best results from side dressing of fertilizer will be obtained when it is applied in a band at the side of the row.

The easy way to be assured that we have good quality food material in the vegetables we eat is to be sure there is a balance of food material in the soil that the plant will use in growth. Food habits of the family as well as good quality in vegetables are important to good health. A variety of vegetables should be planted so the family can eat several during the week without getting tired of any one of them.

## Training Meet Held For Leaders

A recent training meeting for clothing leaders of the home economics extension clubs was conducted by Miss Helen Church, clothing specialist from the University of Missouri. Easy ways of mending, patching and darning were demonstrated.

The following leaders will present the material to their own clubs: Mesdames Chas. Schneider, L. I. Patrick, A. H. Tobben, Margaret Youngkamp, Clarence Dow, R. D. Brown, E. F. Uffman, Lloyd Hotsenpiller, Roy Fender, E. M. Green, L. A. Bickel, O. F. Gorrell, Earl Case, Kletus Cortis, Fred Brockman, Elmer Curtiss, George Richardson, Chester Wissman, F. W. Taylor, Paul Gregory, Bertie Ragar, Cleo Pippin, George Swope, F. W. Winston, Henry Koelling, Joe Bill Reid, Chas. Bybee, W. L. Smith, J. S. Driskell, Oscar Kemp, J. L. Johnson, Leo Steinkukler, L. B. Hammond, Lloyd Lettwich, James Ellis, and Miss Catherine Scott, Miss Flossie Ferguson, and Miss Ada French.

of this solution may be put in the soil with each plant.

## Perennial Flower Plants

NEW SPRING OFFER

10 Choice varieties ..... \$1.00 Per dozen plants

ORDER GROWING PLANTS NOW to insure a glorious display of bright colored flowers in your yard this year.

**HOLLYHOCKS.** Very fine strain with large, bright, showy flowers ..... \$1 per doz. plants

**MIXED DELPHINIUMS.** Our selection sturdy plants, true perennials ..... \$1 per doz. plants

**PRIMROSES.** Gorgeous fragrant yellow flower for border and rock gardens ..... \$1 per doz. plants

**SHASTA DAISIES.** Huge white flowers with yellow centers ..... \$1 per doz. plants

**GENTLE KELWAYS ENGLISH MARGUERITES.** Fine for cutting and for background effects ..... \$1 per doz. plants

**SWEET WIVELSFIELD.** Various colors. Similar to Sweet William, but having longer blooming season ..... \$1 per doz. plants

**LEOPARD FLOWERS.** Our delightful new Blackberry Lily. Brilliant Orange-red blooms. Excellent for drying for winter bouquets ..... \$1 per doz. plants

**BABY'S BREATH.** Dainty white flowers much used for bouquets ..... \$1 per doz. plants

**LINUM.** Grows 2 ft. high. Dainty sky blue flowers on graceful arching stems. Sometimes called "flowering evergreen." ..... \$1 per doz. plants

**MOUNTAIN PHLOX.** Very sweet scented purple spikes 2 to 3 ft. Blooms profusely during June and July ..... \$1 per doz. plants

PLEASE ADD 20 CENTS PER DOZ. PLANTS FOR PACKING AND POSTAGE.

SAVE ½ BY ORDERING ALL 10 VARIETIES

We will ship one doz. each of the ten varieties listed above, a total of 10 doz. well rooted flower plants, for \$4.85. We will pay all postage and packing expense on this special 10 doz. \$4.85 shipment. Regular price \$10. Our Spring Sale price, 10 doz. 120 hardy flower plants, delivered postpaid

Perennial plants will be very scarce later this Spring. You will be wise to order yours at these special prices, today.

Five Dose Dawn Plants Added FREE!

If order for ten doz. plants mailed this week. Rose Dawns are the new silver pink flowers which we have shipped to over a half million homes during the past two years.

Plants will be shipped when weather conditions are ideal for transplanting. Order should be mailed immediately.

Offer good for few days only. Send cash, check or money order to

**BY DAVID DIETZ**  
Noted Science Writer: Author of "Atomic Energy in the Coming Era," Etc.  
(Written for NEA Service)

(1) This is the story of a miracle called Radar. . . This is the story behind the story of that dramatic, breathless moment on the wind-blown night of Jan. 10, 1946, when one of man's wildest dreams came true: He received a message from the moon! That was when a radar beam was sent to the moon from the U. S. Army Air Corps Station at Belmar, N. J., and returned to earth. Traveling 186,000 miles a second (the speed of light) to the moon,

238,000 miles away, the radar message came back in 2.4 seconds. The return message sounded like a low hum and made a wavy white line on the black record sheet of the oscillograph.

(2) Even before the present age of radar and atomic energy, scientists had speculated on sending a beam of light to the moon. Theoretically a mighty searchlight could cast upon the moon a bright spot which would be seen by the most powerful telescopes. (Telescopes now bring this dead, mountainous satellite of our earth within a visual distance of about 30 miles.) The spot of light on the moon would have to be

a few hundred feet wide to be visible. But to make a strong enough beam, the searchlight unfortunately would have to be several miles across.

(3) Prior to the birth of radar as a secret weapon of World War II, radio signals could not be sent far out from the earth's surface. Radio waves, which might have been directed toward the moon, would have been reflected back to earth by the ionosphere. The ionosphere is a layer of very thin air whose molecules are charged with electricity by radiation from the sun. These charges drive radio waves back to the earth.

(4) But radar well might be expected to perform peacetime wonders such as making contact with the moon. For radar's wartime miracles were hardly less startling. Using radar, warships sailing in pitch darkness or fogs hit enemy vessels many miles away, squarely amidships. The firing was directed by radar whose image showed the enemy vessel in clear outline. Likewise radar spotted enemy planes or shore installations great distances away. Thus radar helped to win the war for the United Nations.

TOMORROW: Miracles of Sound.

Use of whalebone in corsets  
nearly brought famine to an en-  
tire people when whalers, spurred  
by the 1890 demand, had har-  
pooned most of the Arctic whale,  
chief source of food for the Eskimo.

## AN OPEN LETTER FROM MAYOR WILKS

To ALL CITIZENS OF SEDALIA:  
(1) If elected I will devote my  
entire time and attention to the  
duties of being mayor. I have no  
other business interests to take  
time from these duties.

(2) In making appointments, I  
will give first consideration to re-  
turned veterans.

(3) I shall do what I can to  
keep the Fire Department non-  
partisan because I believe an ex-  
perienced non-partisan Fire De-  
partment is best for fire protection  
in Sedalia.

(4) Adequate street lighting is  
a function of the city, and I favor  
the installation of as many street  
lights as the budget will stand, or  
other needs considered.

(5) I am keenly alive to the  
necessity for business progress in  
Sedalia. I vetoed the ordinance  
which imposed a percentage tax  
on sales by merchants because, as  
submitted, I deemed it a back-  
ward step which was detrimental  
to our merchants. On the other  
hand, I approved the ordinance  
passed requiring the payment of  
back personal taxes before a city  
auto license is issued because I  
believe, in fairness to citizens who  
pay taxes, those who use autos  
on our streets should be required  
to pay their just share of street  
maintenance. This ordinance has  
been effective.

(6) An application for increase  
of bus fares from 5c to 10c is  
pending. The information avail-  
able to date indicates the bus  
company's operating expenses  
have recently increased about  
one-third. I find, however, that  
buses in Columbia, Moberly,  
Hannibal, Jefferson City and other  
cities operate profitably on 5c  
fares. I believe in being entirely  
fair to the bus company. Some  
increase may be justified. How-  
ever, many citizens must depend  
upon riding the buses at least  
twice daily and several dollars  
per month added to their living  
expenses would be felt accord-  
ingly. I do not favor an increase  
in fares unless it is proved that  
the bus company is operating  
without a fair margin of profit.

(7) I will do what I can to keep  
the city budget balanced. As of  
March 4, 1946, there was a bal-  
ance of \$92,000.00 in the city  
treasury. Sedalia has had unhap-  
py experiences in the past in  
being required to issue judgment  
bonds to pay for lights, water,  
etc. I believe the people want a  
business administration and do  
not want the city operated on a  
deficit. I believe our citizens re-  
alize it is good city business to  
have this balance as reserve for  
post-war construction when ma-  
terials become available.

I am deeply grateful for the  
cooperation given me as mayor  
during the last four years.  
Yours very truly,  
A. H. WILKS,  
—Political Advertisement.

week.

## Coal Stockpiles Are Low For Nation's Key Industries

ON HAND Feb. 1—611,000 tons, approximately  
28 days supply. Used 21,613 tons a day in January.

STEEL MILLS: Last October's coal strike cost them about 20  
days' supply. Mills, out of production for a month during recent  
steel strike, will be forced to close quickly, most of them having  
only small stockpile on hand.

ON HAND Feb. 1—14,302,000 tons, approximately  
78 days supply. Used 183,935 tons a day in January.

ELECTRICAL UTILITIES: Trying to recover from strike set-  
backs, will feel pinch quickly if steel production, already be-  
hind schedule, lags further for want of coal.

ON HAND Feb. 1—9,391,000 tons, approximately  
27 days supply. Used 354,000 tons a day in January.

RAILROADS: Industry's average coal stockpile is less than  
month's supply, but most roads probably will be able to operate  
a month or more with what they have.

### Looking Backward Forty Years Ago

Lee Carpenter has bought of  
Ben Swaggard, the well known  
horseman of Sweet Springs, a  
three-year-old pacing colt, out of  
Serpil 210, for which he gave his  
check for \$400. Ben says it is

one of his most promising colts,  
and he predicts it will go a 2:10  
gait.

March came in like a lamb and  
went out like a lamb, just the  
opposite of the old saw about the  
lamb and roaring lion. The weath-  
er was spring-like and every-  
body in this neck-o'-the-woods  
welcomed the approach of good  
weather.

### THREE GOOD REASONS

why St. Joseph Aspirin is the choice of  
millions. (1) It's as pure as money can  
buy (2) Goes to work fast with speed un-  
surpassed in field of aspirin (3) Offers real  
economy in either size. Get St. Joseph  
Aspirin, world's largest seller at 10c.  
Save even more in 100 tablet size for 35c,  
as you get nearly 3 tablets for only 1c.

A large number of machinists,  
members of the local union, met in  
closed session at Tillberry's  
hall in East Sedalia Saturday  
night for the purpose of consid-  
ering the advisability of asking  
for an increase in wages. At  
present the scale paid here is 33  
cents an hour—less, the men  
claim, than is paid generally  
throughout the country. The  
members of the local union state  
that they cannot live here as they  
should on the wages paid, and as  
the scale is lower than elsewhere,  
they want an increase of three  
cents an hour.

Gerd Miller, of Cole Camp, has  
sold a pair of gray mares, four and  
five years old, for which he re-  
ceived \$480. They were shipped to  
St. Louis Saturday in a palace  
car.

W. B. Goin, timber buyer for the  
Missouri Pacific, returned to Poplar  
Bluff at noon yesterday, after a  
visit here with his family.

## Won no Medals But Cut Plenty Of Red Tape

### Imaginary Officer 'Patron Saint' of War Correspondents

By Hal Boyle  
ATHENS, April 1—(P)—April  
Fool's day is perhaps as good as  
any to recall the military career  
of Col. Harry Zohms, a large-  
hearted officer who won no me-  
dals but cut more red tape than  
any man in army history.

Harry was the army's best  
friend to hard-pressed war cor-  
respondents and they repaid him  
with spectacular promotions. It  
was a mutually beneficial rela-  
tionship.

Col. Zohms served without pay,  
answered to no one and was one  
of the most influential men in  
uniform. He could get more  
things done than generals and a  
half-dozen mimeograph machines.  
Yet you won't find his name  
on an official roster. Or if you  
do it's strictly another Harry  
Zohms and purely coincidental—  
because "Our Harry" existed only  
in the imagination of a num-  
ber of needy war correspondents  
who invented him as a kind of  
military Santa Claus.

Everybody Your Friend  
In the early days of the war  
it was possible to move about  
the battlefronts freely. You just  
hitchhiked around and latched on  
to any outfit you liked and ev-  
erybody was your friend. This  
gypsy life ended as our military  
machine overseas grew bigger and  
by the time of the Normandy  
landings newspapermen found  
themselves pretty well handcuffed  
by growing coils of red tape.

In this emergency some jour-  
nalistic genius created and com-  
missioned Lt. Harry Zohms with-  
out benefit of congressional sanc-  
tion. His sole job was to shortcut  
roundabout military channels and  
he immediately became the patron  
saint of all "gentlemen of the  
press."

If you wanted a case of field  
rations to eat on the road you  
no longer had to spend half a  
day wheeling them out of some  
stonehearded supply officer. You  
just drew up a requisition for  
them and anybody handy signed  
the flourishing signature of "Lt.  
Harry Zohms, Quartermaster  
Corps." The rations were forth-  
coming immediately.

Given Promotion  
There seemed to be a certain  
magic in Harry's last name.  
"Zohms" looked so artificial no-  
body thought it could possibly

be a fake. No doubts ever arose  
as to the authenticity of "Harry  
Zohms" but his authority to issue  
some of his grandiose orders with  
only the rank of lieutenant was  
occasionally questioned. So we  
gave him a well earned promo-  
tion.

Harry rose from lieutenant to  
captain, to major, to lieutenant-  
colonel and finally full colonel as  
we passed through France, Bel-  
gium, Holland, Luxembourg and  
Germany. At the war's end we  
were considering rewarding him  
with the star of a brigadier and  
putting him on the general staff.

He got us rides, coal to heat  
our winter quarters and fixed us  
up with passes for brief leaves  
back to Paris and Brussels. In  
Germany, when transportation  
was difficult he got some of us  
captured Nazi staff cars. There  
simply wasn't anything Harry  
couldn't or wouldn't do for us  
as he moved about from supply  
corps to adjutant general's office  
to ordnance.

Mustered Out  
Nobody knows just when Harry  
was mustered out of the service.

His last official act was to sign  
permits enabling some of his old  
friends to keep a few battered  
German Lugers as souvenirs. It  
was typical that he should bow  
out as he had bowed in—doing  
somebody a favor. He has dis-  
appeared, but it is to be hoped  
that the red tape cutting talents  
of this able and efficient man  
will be put to some worthwhile  
civilian use. Perhaps the national  
press club can get Harry a job in  
Washington.

**APRIL 6th**  
Know your Regular Army in Peace

VICTORY has stilled the guns of war  
and stopped the terrible carnage of com-  
bat. But it has not ended the task to  
which this nation has dedicated itself  
since December 7, 1941.

On the armies which conquered the  
aggressors now falls the solemn obligation  
of securing their hard-won triumph... of  
bringing order out of the chaos of war-  
torn countries... of carrying out the com-  
mitments entered into by our Government.

More than half a million young men  
from every corner of the United States  
already have joined the new peacetime

Regular Army to see this job through, and  
to take advantage of the splendid new  
enlistment privileges which make the  
peacetime Regular Army one of the most  
attractive careers open to them today.

On April 6, Army Day, you will have  
an opportunity to meet your new Army  
face to face at public exhibits and demon-  
strations throughout the United States. By  
visiting these displays, you will, perhaps  
for the first time, appreciate the full scope  
of the Army's activities, and the enormous  
contributions they make to every-day  
civilian life.

The Army's research and exploration in  
radar, electronics, aviation, communica-  
tions, chemistry, medicine, sanitation, dis-  
ease control, mechanics, engineering and  
countless other fields are all impor-  
tant to you. For eventually you benefit  
from their inventions, developments and  
improvements.

This is your Army... an Army of  
which you can well be proud. Make a  
point of making its acquaintance on Army  
Day—April 6!

A GOOD JOB FOR YOU  
**U. S. Army**
